

# The Oyster is My World

A collective art project by Marlowe D'Oriano

“The Oyster is my World” is conceived as a large scale mixed media work that will be created from photos and drawings of oysters submitted by anyone who would like to participate. The goal of the piece is to promote conversation around local ecological preservation and restoration efforts and the interdependence of the coastal economy and ecosystems.

Submit your oyster:

Draw (or paint, collage, etc.) an oyster in the box above. You can submit this sheet in person by completing the information below. Or you can take a picture of your piece and post it at [facebook.com/windandsand.art](https://facebook.com/windandsand.art), or @thewindandsand or email to [info@windandsand.com](mailto:info@windandsand.com). You can also photograph an actual oyster and submit your entry the same way.
